

Computerworld are pleased to announce the expansion of their Training Services to include VMWare.

We are now able to offer the following courses in conjunction with a leading VATC (VMWare authorised Training Centre), with facilities in Birmingham, London and Leeds.

VMware Infrastructure 3: Install and Configure

This deep hands-on training course explores VMware Infrastructure 3, which consists of VMware ESX Server and VMware VirtualCenter. "VMware Infrastructure 3: Install and Configure" is a prerequisite to taking the certification exam and becoming a VMware Certified Professional.
