

## Crescent Purchasing Consortium

Computerworld Wales are pleased to announce their success in being awarded a place on the Crescent Purchasing Consortium framework for the supply of Desktop Hardware and Peripherals .

The Crescent Purchasing Consortium is the “only consortium owned by Further Education, providing the sector with value for money contracts across the UK”, and boasts all the Further Education Colleges in Wales as members.

**Computerworld Wales is the only Welsh company to have been awarded a place on the contract**, which commenced on 11th April, 2011 and will run for a minimum of 2 years.

Computerworld was successful in being awarded a place on 5 of the 6 lots which comprised the tender (not bidding for the 6th), which are:

- **Lot 1 - Desktops and Monitors**
- **Lot 2 - Laptops**
- **Lot 3 - Peripherals**
- **Lot 4 - Interactive Whiteboards**
- **Lot 5 - Maintenance**

“being awarded a place on the contract is certainly a feather in our caps” said Kevin Collins, Director at Computerworld Wales. “this provides us with an opportunity to build on our current success in the FE sector in Wales”.

For more information on the contract, and how Computerworld Wales can you obtain the best value for your IT acquisitions, contact you Account Manager today, or email [cpc@cwwales.com](mailto:cpc@cwwales.com).

Computerworld Wales, *making IT easier.*
